GRANITE

SPAIN

# LUNA PEARL

## Description

Luna Pearl is a Spanish granite. Its blend of greys and whites creates the perfect timeless look and its complex motif maintains a clean appearance. By admiring it up close, you will see a bright white background broken with pale greys, blacks, dark browns and even sometimes, peaches, which add depth to the stone. In dimmed lighting, the grey minerals will be enhanced to offer a cozier feel. Installed in a luminous room, the bright whites will dominate, reflecting light and enhancing the motif. Luna Pearl is recommended for both commercial and residential projects and tolerates very well colder temperatures.
